

Thanks for your call on Saturday – it was a pleasure speaking with you. My apologies for the delay in sending this.

Further to our chat, I'm pleased to quote for two PA system options based around the brief we discussed – one using Wharfedale Titan speakers, the other with slightly more affordable, but still decent, components:

Option 1 – Wharfedale:

- 4 x [Wharfedale Titan X15 Passive PA Speaker - 15", 400W RMS](#)
- 1 x [Wharfedale CPD2600 Power Amplifier - 2 x 1000W RMS @ 4 Ohm](#)
- 1 x [Wharfedale SL824 USB Mixer 12 Channel Audio Mixing Desk](#)
- 2 x [35mm Steel PA Speaker Stands With Carry Bag - Pair](#)
- 2 x [StuDiomaster KM92 Dynamic Vocal Microphone + Cable, Case & Clip](#)
- 4 x [Spkn - Spkn 2 Pole Speaker Lead - 6m](#)
- 2 x [XLR - XLR Signal / Microphone Lead - 0.5m](#)
- 1 x [Citronic 19" Rack Mixer / Amp Combi Flight Case 2U / 10U](#)

Normal basket price £1875.94 – special package price £1840 including delivery and VAT

Option 2 – more affordable option:

- 4 x [StuDiomaster Drive 15 - 15", 1200W Passive PA Speaker](#)
- 1 x [Citronic PLX2000 Power Amplifier - 2 x 700W](#)
- 1 x [Citronic CSL-10, 10 Channel Compact Mixing Desk With DSP Effects](#)
- 1 x [19" Rack Mounting Kit for Citronic CSL-10 / CSP-410 Mixer](#)
- 2 x [35mm Steel PA Speaker Stands With Carry Bag - Pair](#)
- 2 x [StuDiomaster KM92 Dynamic Vocal Microphone + Cable, Case & Clip](#)
- 4 x [Spkn - Spkn 2 Pole Speaker Lead - 6m](#)
- 2 x [XLR - XLR Signal / Microphone Lead - 0.5m](#)
- 1 x [Citronic 19" Rack Mixer / Amp Combi Flight Case 2U / 10U](#)

Normal basket price £1427.93 – special package price £1380 including delivery and VAT

Either system would provide dependable service and good sound quality, but the more expensive option does offer a number of advantages. The biggest of these is that the Titan speakers are moisture-resistant, which makes them a perfect choice for exposed use. Beyond this, the mixer is a better quality unit with superior reverb and effects – this is something that would be quite important to vocalists – and finally, the speakers are of a higher power rating and efficiency, so will play louder whilst retaining excellent clarity. All this said, if budget is limited, the cheaper system will still perform well, but more care will need to be taken to protect the speakers from showers and damp! For both systems I have specified a flight case, which is something we didn't discuss, but I would recommend, as it allows amplifier and mixer can all be racked for protection, easy transport and setup.

Warranty and support

All products are covered by a one year manufacturer's warranty – LD for two years. In addition we provide free seven day technical phone support for as long as you have the equipment. We can provide wiring diagrams showing how to connect and configure the system in your venue.

Many thanks for your reply.

We could offer the following for an additional £100:

4 x [Professional Tour Grade Boom Microphone Stand](#)

2 x [StuDiomaster KM92 Dynamic Vocal Microphone + Cable, Case & Clip](#)

I hope this is helpful – do let me know if I can assist further.

Best regards,

Chris Tinning

Other options

The above package is a bespoke system and as such, any of the above options can be **changed, modified or added to as required**. Cost may be reduced by using cheaper or more basic components but this may be at the expense of sound quality and features. I have selected the products above to provide quality and reliability balanced with the functionality requested at a great value price point, however if you require a cheaper quote, please let me know.

I hope all of the above is helpful, and look forward to hearing from you soon. Please don't hesitate to contact me if I can be of any further help at all.

Best regards,
Chris Tinning
