THE DATA PROTECTION POLICY

Oakham Town Council recognises its responsibility to comply with the General Data Protection Regulations (GDPR) 2018 which regulates the use of personal data. This does not have to be sensitive data; it can be as little as a name and address.

General Data Protection Regulations (GDPR)

The GDPR sets out high standards for the handling of personal information and protecting individuals' rights for privacy. It also regulates how personal information can be collected, handled and used. The GDPR applies to anyone holding personal information about people, electronically or on paper. Oakham Town Council has also notified the Information Commissioner that it holds personal data about individuals. When dealing with personal data, Oakham Town Council staff and members must ensure that:

- **Data is processed fairly, lawfully and in a transparent manner**

This means that personal information should only be collected from individuals if staff have been open and honest about why they want the personal information.

- **Data is processed for specified purposes only**

This means that data is collected for specific, explicit and legitimate purposes only.

- **Data is relevant to what it is needed for**

Data will be monitored so that too much or too little is not kept; only data that is needed should be held.

- **Data is accurate and kept up to date and is not kept longer than it is needed**

Personal data should be accurate, if it is not it should be corrected. Data no longer needed will be shredded or securely disposed of.

- **Data is processed in accordance with the rights of individuals**

Individuals must be informed, upon request, of all the personal information held about them.

- **Data is kept securely**

There should be protection against unauthorised or unlawful processing and against accidental loss, destruction or damage.

Storing and accessing data

The Town Council recognises its responsibility to be open with people when taking personal details from them. This means that staff must be honest about why they want a particular piece of personal information.

The Town Council may hold personal information about individuals such as their names, addresses, email addresses and telephone numbers. These will be securely kept at the Town Council Office and are not available for public access. All data

stored on the Town Council Office computers are password protected. Once data is not needed any more, is out of date or has served its use and falls outside the minimum retention time of Councils document retention policy, it will be shredded or securely deleted from the computer.

The Town Council is aware that people have the right to access any personal information that is held about them. Subject Access Requests (SARs) must be submitted in writing (this can be done in hard copy, email or social media). If a person requests to see any data that is being held about them, the SAR response must detail:

- How and to what purpose personal data is processed
- The period the Town Council tend to process it for
- Anyone who has access to the personal data

The response must be sent within 30 days and should be free of charge.

If a SAR includes personal data of other individuals, the Town Council must not disclose the personal information of the other individual. That individuals personal information may either be redacted, or the individual may be contacted to give permission for their information to be shared with the Subject.

Individuals have the right to have their data rectified if it is incorrect, the right to request erasure of the data, the right to request restriction of processing of the data and the right to object to data processing, although rules do apply to those requests.

Please see "Subject Access Request Procedure" for more details.

Confidentiality

Oakham Town Council members and staff must be aware that when complaints or queries are made, they must remain confidential unless the subject gives permission otherwise. When handling personal data, this must also remain confidential.

Subject Access Request Procedure

This procedure is to be followed when an individual contacts the Town Council to request access to their personal information held by the Council. Requests must be completed within 1 month, so it should be actioned as soon as it is received. SAR's should be provided free of charge, however, you can charge a 'reasonable fee' when a request is manifestly unfounded or excessive, particularly if it is repetitive.

The steps below should be followed to action the request:

1. Is it a valid subject access request?

- a) The request must be in writing (letter, email, social media or fax).
- b) Has the person requesting the information provided you with sufficient information to allow you to search for the information? (You are allowed to request for more information from the person if the request is too broad.)

2. Verify the identity of the requestor.

- a) You must be confident that the person requesting the information is indeed the person the information relates to. You should ask for the person to attend the office with their passport/photo driving licence and confirmation of their address (utility bill/bank statement).

3. Determine where the personal information will be found

- a) Consider the type of information requested and use the data processing map to determine where the records are stored. (Personal data is data which relates to a living individual who can be identified from the data (name, address, email address, database information) and can include expressions of opinion about the individual.)
- b) If you do not hold any personal data, inform the requestor. If you do hold personal data continue to the next step.

4. Screen the information

- a) Some of the information you have retrieved may not be disclosable due to exemptions, however legal advice should be sought before applying exemptions.

Examples of exemptions are:

- References you have given
- Publicly available information
- Crime and taxation
- Management information (restructuring/redundancies)
- Negotiations with the requestor
- Regulatory activities (planning enforcement, noise nuisance)
- Legal advice and proceedings
- Personal data of third parties

5. Are you able to disclose all the information?

- a) In some cases, emails and documents may contain the personal information of other individuals who have not given their consent to share their personal information with others. If this is the case, the other individual's personal data must be redacted before the SAR is sent out.

6. Prepare the SAR response (using the sample letters at the end of this document) and make sure to include as a minimum the following information:

- a) the purposes of the processing.
- b) the categories of personal data concerned.
- c) the recipients or categories of recipients to whom personal data has been or will be disclosed, in particular in third countries or international organisations, including any appropriate safeguards for transfer of data;
- d) where possible, the envisaged period for which personal data will be stored, or, if not possible, the criteria used to determine that period;
- e) the existence of the right to request rectification or erasure of personal data or restriction of processing of personal data concerning the data subject or to object to such processing;
- f) the right to lodge a complaint with the Information Commissioners Office ("ICO").
- g) if the data has not been collected from the data subject: the source of such data;
- h) the existence of any automated decision-making, including profiling and any meaningful information about the logic involved, as well as the significance

and the envisaged consequences of such processing for the data subject.

Be sure to also provide a copy of the personal data undergoing processing. All SAR's should be logged to include the date of receipt, identity of the data subject, summary of the request, indication of if the Council can comply, date information is sent to the data subject.

Release of part of the personal data, when the remainder is covered by an Exemption

"[Name] [Address][Date]

Dear [Name of data subject]

Data Protection subject access request

Thank you for your letter of [date] making a data subject access request for [subject]. To answer your request we asked the following areas to search their records for personal data relating to you:

- [List the areas]

I am pleased to enclose [some/most] of the personal data you requested. [If any personal data has been removed] We have removed any obvious duplicate personal data that we noticed as we processed your request, as well as any personal data that is not about you. You will notice that [if there are gaps in the document] parts of the document(s) have been blacked out. [OR if there are fewer documents enclose] I have not enclosed all of the personal data you requested. This is because [explain why it is exempt].

Replying to a subject access request explaining why you cannot provide any of the requested personal data

“[Name] [Address][Date]

Dear [Name of data subject]

Data Protection subject access request

Thank you for your letter of [date] making a data subject access request for[subject]. I regret that we cannot provide the personal data you requested. This is because [explanation where appropriate].

[Examples include where one of the exemptions under the data protection legislation applies. For example the personal data might include personal data is ‘legally privileged’ because it is contained within legal advice provided to the council or relevant to on-going or preparation for litigation. Other exemptions include where the personal data identifies another living individual or relates to negotiations with the data subject.

Your data protection officer will be able to advise if a relevant exemption applies and if the council is going to rely on the exemption to withhold or redact the data disclosed to the individual, then in this section of the letter the council should set out the reason why some of the data has been excluded.]

Yours sincerely”
