

We spoke previously about the possibility of using the area at Royce Recreation Ground. I am working with the youth team and we are trying to get in place a 'youth afternoon' at the start of the school holidays in October.

We plan an open afternoon 12pm-4pm, on Monday 18th and Tuesday 19th. One day will be held in Uppingham at Todd's Piece and we would like the other day to be held at Royce park. We will hopefully acquire a company that bring in skateboard ramps, we will have the police challenging local teens at football and hopefully have the fire service there also. All will be welcome, and it will just be a drop in 'fun session' with the youth team attending to engage with young people and help them with any needs.

We plan to hire the dance studio and so need to check which date works best for them.

Can you please advise if this activity can take place on either of these dates and if there is any cost involved?

I look forward to hearing from you. Thank you.

Best regards

Melody
