

Hi

I have been working with Steph from the Youth Team as she has the unenviable task of trying to put on activities and lunch as part of the government HAF programme, which local authorities must have in place for children entitled to free school meals. We have been promised two activity days by the 7th Infantry army regiment. I am hoping we may be able to run these on the grass area at Royce Recreation Ground. However, they need toilet facilities and somewhere to go to keep dry if the weather is not kind, so I have also contacted the dance school regarding hire of their rooms.

Could you please advise if we can use the green space as described on 5th August and 24th August 11.00am – 3.00pm? The plan is for up to 32 young people, aged 11-16 years to attend.

I look forward to hearing from you. Thank you.

Melody
