**Re: The Oakham Skatepark project update request 9/1/2023**

Dear Oakham Town Council,

Following the council vote on 7<sup>th</sup> December 2022 not to support a skatepark proposal at Centenary Fields you made a statement on social media that you would be looking at alternative sites and would work with members of the public to that effect.

Since this statement has now been removed from your Facebook page (or hidden from my view) can you please provide an update to where you are with your progress. I see no mention of it on your current meeting agenda.

Here's the quote to remind you:

**"The Council would like to state that they certainly are not against the idea in principle of a Skate park for Oakham and will be investigating other avenues and locations that could potentially be developed in consultation with the town and local residents" - OTC**

I look forward to your reply

Kindest Regards,

Jon Dixon

The Oakham Skatepark Project
