Re: The Oakham Skatepark project update request 9/2/2023 (and previously 11/1/2023) – Letter 2

Dear Oakham Town Council,

Following my letter dated 9/1/2023 I am still awaiting a response. My understanding is that this was discussed at the full council meeting on the 11th of Jan – almost a month ago. To avoid potential postal issues could I request correspondence by email.

As previously requested, could you please provide an update to where you are with your progress. I see still see no mention of it on your current meeting agenda (apologies if I have missed it). Your statement again:

"The Council would like to state that they certainly are not against the idea in principle of a Skate park for Oakham and will be investigating other avenues and locations that could potentially be developed in consultation with the town and local residents" - OTC

I look forward to your reply,

Kindest Regards,

Jon Dixon

The Oakham Skatepark Project
