---

### Play area, 31.5mx11m = 346m<sup>2</sup>

- Removal of existing wet pour material and disposal of
- install type 1 aggregate where required to build levels where needed.
- 25mm of base layer rubber sbr to be installed.
- 15mm of top layer epdm to be installed in black with green fleck

**Total Price, £21,230+vat**

This is a quotation on the goods and services above, subject to the conditions noted below:

- Quote valid for 30 days.
- Access to be available straight to site.
- Parking Spaces/Permits will be arranged by customer.
- Customer to advise where any services are installed and located prior to installation commencing.
- Building work, paving etc. should be carried out before our installation.
- If extra groundwork and/or extra materials are required, you will be informed and these will be added to the final bill.

## **Terms & Conditions**

- 1) A 50% deposit is required, and the balance is payable on completion.
- 2) Installation date may change due to adverse weather conditions or unforeseen circumstances and we cannot be held responsible for any direct or indirect loss for not completing the project within a certain time frame or by a certain date. We will inform you of any delays and will do our very best to give you an agreed alternative date.
- 3) If required, the customer is responsible for the hiring of a skip prior to the installation team arriving. We recommend that it is delivered the day before the installation, as it needs to be on site at 8am on the day of installation, so there are no hold ups with the installation.
- 4) The job is quoted as per information supplied. Any additional work arising on non-surveyed jobs, will be subject to an additional works quote being provided.
- 5) We request that the site be clear of obstruction prior to the installation. Failure to do so will incur extra charges as this will impact the time allowed for the installation.
- 6) We kindly advise you to notify the Company of any adverse access problems (parking, movement of goods to site). If access is a problem on arrival, then the installation could be hindered occurring extra charges if we are not informed.
- 7) On restricted parking areas, we ask that the customer ensures parking is as close to the installation address as possible, as access to installation vehicles is needed at all times.
- 8) If we are unable to access the site on the day, or the site is not prepared to the agreed standard required to start an installation, this will be treated as an aborted installation. An aborted installation will be charged at £900 including VAT.
- 9) If you wish to change your installation date or cancel the installation altogether, then you must inform us in writing within 14 days of accepting your quote and this must also be 14 days before the installation is due to begin. If you do not provide notice as advised your deposit will be retained by us.

**I am happy with the quotation and agree with the terms and conditions and wish to proceed:**

Description	Quantity	Unit Price	VAT	Amount GBP
Professionally supply and install ONE-DNA synthetic turf.	1.00	16,702.34	20%	16,702.34

### Works to be completed:

- 1) Existing Wet Pour surface will be swept, cleaned and repaired (where required) establishing a structural sound base for longevity.
- 2) Edging will be applied to exposed areas (where required) to ensure security of perimeters edges.
- 3) Your ONE-DNA synthetic turf will be overlaid, cut and joined into place. Providing an aesthetically pleasing, soft and safe play activity surface.
- 4) We will brush up the grass profile with a mechanical brush. The entire area will be dressed with specialist equipment at approximately 5-8kg's p/sqm using high-grade infill. This will ground your new surface providing anti-vandalism, anti-slip and temperature control.

- Quote Includes;
- Responsible waste disposal
  - 15year Product warranty
  - 5year Installation warranty
