TownClerk;Lydia Fifield

Hi Paul,

Hope you are keeping well.

We have received the full review with the locations from the planning team.

Unfortunately, at present we are only able to proceed with one location due to various planning restrictions. Mainly due to heritage issues, and the location outside of the station being on private land so we won't be able to convert the kiosk there.

We are proceeding the below location into planning.

Thanks

Yoanna

Reinventing phone boxes for the digital age

- **For the whole community**

The public, businesses and local councils can all benefit from improved connectivity and increased digital access. All in the heart of their towns and cities.

- **Smarter, safer, more sustainable**

From emergency phone calls to information campaigns or air quality monitoring, our street hubs are built for now and the future.
